TRANSFER CREDITS POLICY

UNAD Florida may transfer credits obtained in appropriately accredited higher education institutions. The acceptance of the transfer credits is based on the similarity of the courses with UNAD Florida's required program courses. The similarity is determined from course description, and the number of credits. This ensures that the accepted courses are equivalent in content and intensity to UNAD Florida courses in the desired academic program.

For applicants to an undergraduate program, a maximum of 50% of the credits can be accepted by the Transfer Credit Evaluation Committee. For Master's programs, up to a maximum of 9 credits are accepted. For the doctoral programs UNAD Florida does not accept credits transferred from another institution.

For students who request a credit transfer, they must follow the following steps:

- a. Submit a written request to the admissions department to start the credit transfer process. The student must send the request to the email: admissions@unad.us.
- b. Provide payment of the credit transfer fee of \$200 to start the evaluation process. Payment can be submitted through the university's payment portal.
- c. Submit an official or certified copy of the transcripts and course description to the admissions department; these must contain unit-credits and completed grades.
- d. For international students, academic transcripts must first be evaluated by an appropriate evaluation agency belonging to NACES (www.naces.org). This requirement doesn't apply for students transferring from UNAD Colombia.
- e. The evaluation results by the agency need to be submitted to UNAD Florida before starting the review process.

TRANSFERRING FROM UNAD FLORIDA TO ANOTHER INSTITUTION

The acceptance of the transfer of credit from UNAD Florida to another college or university is at the discretion of the transferring school. It is the responsibility of the student to check with prospective receiving school to ensure credits will be transferable.
